With 4 bedrooms, 2.5 baths, and a fully finished basement featuring an additional bedroom and four-piece bath, there's plenty of room for families, guests, or a home office. The bright living room is filled with natural light from large windows, while the modern kitchen flows into an open-concept dining area with sliding patio doors leading to a private deck and a low-maintenance, west-facing backyard—perfect for summer evenings and entertaining. Recent updates add to the home's appeal, including new paving stones in the front and back (2024), refreshed front landscaping and steps, updated garage siding and shingles, and high-efficiency toilets, wifi switches, and nest thermostat. The kitchen boasts a newer refrigerator, stove, and dishwasher, and all windows and doors were replaced in 2018. Extra attic insulation contributes to an above-average energy report, while the hot water tank (2021), garage roof (redone ~3 years ago), and house roof (2013) offer peace of mind.
